MANAGEMENT DISCUSSION OF FUND PERFORMANCE

Results of Operations

During the period, the net asset value of the Sun Life Milestone Global Equity Fund (the "Fund") increased from \$343.5 million to \$369.4 million. The increase in net asset value was due to positive performance, partially offset by net redemptions during the period.

During the period, the Fund returned 9.5% for Series I units. This result surpassed the Fund's benchmark, the MSCI ACWI Index-Local Currency, which returned 8.3%. Please refer to the 'Past Performance' section of this report for more details.

The strong performance of equities in general helped enhance returns across all Milestone Funds. All geographical regions in the Fund contributed to the performance of the Fund with Emerging Markets, U.S., and International exposures being the main contributors.

Recent Developments

After a surge in late 2016, Canadian bond yields fell in the first quarter with the yield on Canadian 10-year bonds starting the quarter at 1.87% and ending at 1.63%. Similarly, yields on U.S. 10-year Treasuries moved lower from 2.63% to 2.39%. The Manager expects only marginal increases in yields in the coming months. However, the decision to invest in Canadian provincial government bonds continued to work well across all the Milestone funds in the first quarter.

U.S. President Donald Trump took office in the first quarter of 2017 promising to deliver steep, across-the-board tax cuts and a massive economic stimulus program. The Manager believed Trump's economic agenda would be positive for the market and took a moderately bullish stance on U.S. equities, which rallied following President Trump's election.

Exposure to Emerging Markets, which rallied when the protectionist trade policies proposed by President Trump did not materialize, was also increased.

However, the Manager was cautious on international equity exposure because of political and economic uncertainty potentially triggered by a number of key European elections and the U.K.'s decision to start negotiating its withdrawal from the European Union.

The Manager continued to sell Canadian government bonds while adding higher-yielding provincial government bonds, which frees up capital for the Manager to invest in equities, potentially producing higher returns over time. During the period, the Manager added exposure to international equities while reducing the allocation to U.S. equities on valuation concerns and Canadian equities on weak economic strength.

Related Party Transactions

Sun Life Global Investments (Canada) Inc. (the "Manager") is the manager, trustee and portfolio manager of the Fund.

The Manager is responsible for the provision of all general management and administrative services required by the Fund in its day-to-day operations, including providing or arranging for the provision of investment advice, bookkeeping, recordkeeping and other administrative services for the Fund.

As trustee, the Manager holds legal title to the Fund's investments in trust for unitholders. For its services, the Manager receives a management fee that is calculated as a percentage of the average net asset value of the Fund. This fee is calculated daily and payable monthly.

As portfolio manager, the Manager is responsible for managing the investment portfolio of the Fund directly or through sub-advisor. The Manager has retained Sun Life Assurance Company of Canada, an affiliate, to act as a sub-advisor for the Fund.

The Manager is an indirect wholly owned subsidiary of Sun Life Financial Inc., but Sun Life Assurance Company of Canada is a direct wholly owned subsidiary.

Fund Administrative Expenses

The Manager pays certain of the operating expenses of each Fund (the "Administration Expenses") in return for a fixed administration fee paid to the Manager by each Fund ("Administration Fee"). The Administration Fee is based on the net asset value of each series of the Fund. The Administration Expenses include, but are not limited to, record keeper fees, accounting, audit and legal fees, bank and interest charges, safekeeping and custodial fees, taxes, administrative and systems costs, costs of reports to investors, prospectuses and other disclosure documents, regulatory filing fees

Sun Life Milestone Global Equity Fund

(including those incurred by the Manager) and trustee fees for registered plans. The amount of this charge is disclosed as a fund administrative expense in the Fund's Statement of Comprehensive Income found in the semi-annual financial statements (unaudited).

Each Fund also pays certain operating expenses directly (the "Fund Costs"). Fund Costs include: borrowing costs incurred by the Fund from time to time; costs in connection with portfolio transactions; fees and expenses payable to or in connection with the Fund's Independent Review Committee ("IRC"); taxes payable by the Fund; and the costs of complying with any new regulatory or legal requirement imposed on the Fund. Each Fund allocates Fund Costs proportionately among its series of units. The Fund Costs that are specific to a series of units are allocated to that series. These amounts are paid out of the assets attributed to each series of units of the Fund, which reduces the return you may receive.

Series Description

The Fund offers Series I units only. The date of creation for Series I was October 1, 2010.

Series I units are special purpose securities that are currently only available to other mutual funds and eligible institutional investors. Series I units are not sold to the general public. Each Series I investor negotiates its own management and advisory fee that is paid directly to the Manager.

⁽¹⁾ This information is derived from the Fund's audited annual financial statements and from the semi-annual unaudited financial statements for the current period ended June 30, 2017.

⁽²⁾ Net Assets and distributions are based on the actual number of units outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of units outstanding over the financial period.

⁽³⁾ The Fund automatically reinvests distributions in additional units of the Fund. Immediately following the distribution, the number of outstanding units will be consolidated, so that the net asset value per unit after the distribution is the same as the net asset value per unit before the distribution.

⁽⁴⁾ Comparatives prior to 2013 are prepared in accordance with Canadian Generally Accepted Accounting Principles ("Canadian GAAP"). Figures subsequent to 2013 are prepared in accordance with International Financial Reporting Standards ("IFRS").

Sun Life Milestone Global Equity Fund

⁽¹⁾ This information is provided as at December 31 of the period shown, except for the most recent semi-annual period, which is at June 30, 2017.

⁽²⁾ Management expense ratio is based on total expenses (excluding broker commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average Net Asset Value during the period. Prior to 2015, the Manager of the Fund waived some of its management fees and/or absorbed some expenses that would normally be charged to the Fund.

⁽³⁾ The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average Net Asset Value during the period.

⁽⁴⁾ The Fund's portfolio turnover ratio indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover ratio of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a Fund's portfolio turnover ratio in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high portfolio turnover rate and the performance of the Fund.

⁽⁵⁾ Percentages are annualized.

⁽⁶⁾ Comparatives prior to 2013 are prepared in accordance with Canadian GAAP. Figures subsequent to 2013 are prepared in accordance with IFRS.

Management Fees

There is no management fee charged to the Fund.

PAST PERFORMANCE

The indicated rates of return are the historical annualized and annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not guaranteed. How a fund performed in the past does not necessarily indicate how it will perform in the future.

Year-by-Year Returns

The following bar chart shows the Fund's annual performance for the period shown. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each period.

Forward-Looking Statements

This management report of fund performance may contain forward-looking statements about the Fund, including its strategy, results of operations, performance and condition. Forward-looking statements include statements that are predictive in nature, or that depend upon or refer to future events or conditions. They are based on current beliefs, expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and various economic factors. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, technological changes, changes in government regulations or in tax laws. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements. The words "may", "could", "would", "should", "believe", "plan", "anticipate", "expect", "intend", "forecast", "objective", and similar expressions are intended to identify forward-looking statements.
