
SUN LIFE GLOBAL INVESTMENTS (CANADA) INC.

SEMI-ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE

for the period ended June 30, 2017

Sun Life Sentry Global Mid Cap Fund

Sun Life Sentry Global Mid Cap Fund

This semi-annual management report of fund performance contains financial highlights but does not contain the complete financial statements of the investment fund. You can request a free copy of the semi-annual financial statements by calling 1-877-344-1434, by sending an email to us at info@sunlifeglobalinvestments.com or by writing to us at Sun Life Global Investments (Canada) Inc., 1 York Street, Toronto, Ontario, M5J 0B6. Our financial statements are available on our website at www.sunlifeglobalinvestments.com and on SEDAR at www.sedar.com. All of the financial information is calculated based on the pricing Net Asset Valuation for the investment fund, unless otherwise stated.

Unitholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure.

MANAGEMENT DISCUSSION OF FUND PERFORMANCE

Results of Operations

During the period, the net asset value of the Sun Life Sentry Global Mid Cap Fund (the "Fund") decreased from \$57.5 million to \$54.5 million. The decrease in net asset value was attributable to net outflows, partially offset by positive performance during the period.

During the period, the Fund returned 10.5% for Series A units. This result surpassed the Fund's benchmark, the MSCI ACWI Mid Cap C\$ Index, which returned 8.5%. The performance returns for other series of this Fund are similar to those of Series A except for differences in expense structures. Please refer to the 'Past Performance' section of this report for performance of each series.

The outperformance relative to the benchmark can be largely attributed to stock selection in the U.S., particularly within the Consumer Discretionary sector. Security selection within the Real Estate sector in Asia and Telecommunication Services sector in Europe also helped to drive performance.

On an absolute basis, the main sector contributors to performance were Industrials, Consumer Discretionary, Health Care, Telecommunications, and Utilities. At the end of the period, the largest sector exposure was in the Consumer Discretionary sector, with a weight of 30.7%, Industrials sector, with a weight of 20.9%, and Financials sector, with a weight of 12.7%. The largest country exposure was in the U.S., with a weight of 34.9%, the U.K., with a weight of 12.5%, and Canada, with a weight of 11.0%. At the end of the period, the Fund held 49 securities, and the cash weight was 1.6%.

Recent Developments

Global equities performed well during the period, as investors absorbed one headline risk after another. Despite the uncertainties, sentiment around the world was boosted as strong first quarter earnings results supported equity prices. An improving global growth environment has reinforced the outlook for corporate profits around the globe. As the U.S. economy continued to improve during the period, the U.S. Federal Reserve ultimately opted to raise the target range for its federal funds rate by 25 basis points from

1% to 1.25% during its June 2017 meeting. The strength of U.S. corporate profits continued as earnings and revenue increased from the growth seen in the fourth quarter last year. Europe continues to show signs of improvement as the Eurozone unemployment rate fell to 9.3% in May 2017, the lowest level since March 2009. European companies delivered on profits in the first quarter and exceeded expectations on revenue growth. In China, secular tailwinds in the form of middle class growth, increasing consumption, and consumer-oriented millennials have supported growth opportunities. The unemployment rate in China decreased to 3.97% in the first quarter of 2017 from 4.02% in the fourth quarter of 2016. The Chinese economy also expanded 6.9% year-on-year in the first quarter of 2017, supported by rising industrial output, retail sales, and fixed-asset investment.

It should be noted that Sentry Investments Inc. (the "sub-advisor") evaluates the Fund's investments on a stock-by-stock level. As a result, sector or country weights are not necessarily indicative of a particular opinion (or change of opinion) on that sector or country, and sector or country weights are merely the result of security selection.

Effective February 5, 2016, all Series E units were re-designated to Series A units, under the Front End Sales Charge option, of the same Fund. Please refer to the Fund's simplified prospectus for more details about the captioned change and for details about the Private Client Program.

As announced on July 24, 2017, Schroder Investment Management North America Inc. will replace Sentry Investments Inc. as sub-advisor for the Fund, effective October 2, 2017. As of that date the Fund will change its name and adopt new investment strategies to reflect the investment strategies to be employed by Schroders in respect of the Fund.

Related Party Transactions

Sun Life Global Investments (Canada) Inc. (the "Manager") is the manager, trustee and portfolio manager of the Fund.

The Manager is responsible for the provision of all general management and administrative services required by the Fund in its day-to-day operations, including providing or arranging for the provision of investment advice, bookkeeping, recordkeeping and other administrative services for the Fund.

Sun Life Sentry Global Mid Cap Fund

As trustee, the Manager holds legal title to the Fund's investments in trust for unitholders. For its services, the Manager receives a management fee that is calculated as a percentage of the average net asset value of the Fund. This fee is calculated daily and payable monthly.

As portfolio manager, the Manager is responsible for managing the investment portfolio of the Fund directly or through sub-advisors. The Manager has retained Sentry Investments Inc. to act as a sub-advisor for the Fund.

The Manager is an indirect wholly owned subsidiary of Sun Life Financial Inc.

Fund Administrative Expenses

The Manager pays certain of the operating expenses of each Fund (the "Administration Expenses") in return for a fixed administration fee paid to the Manager by each Fund ("Administration Fee"). The Administration Fee is based on the net asset value of each series of the Fund. The Administration Expenses include, but are not limited to, record keeper fees, accounting, audit and legal fees, bank and interest charges, safekeeping and custodial fees, taxes, administrative and systems costs, costs of reports to investors, prospectuses and other disclosure documents, regulatory filing fees (including those incurred by the Manager) and trustee fees for registered plans. The amount of this charge is disclosed as a fund administrative expense in the Fund's Statement of Comprehensive Income found in the semi-annual financial statements (unaudited).

Each Fund also pays certain operating expenses directly (the "Fund Costs"). Fund Costs include: borrowing costs incurred by the Fund from time to time; costs in connection with portfolio transactions; fees and expenses payable to or in connection with the Fund's Independent Review Committee ("IRC"); taxes payable by the Fund; and the costs of complying with any new regulatory or legal requirement imposed on the Fund. Each Fund allocates Fund Costs proportionately among its series of units. The Fund Costs that are specific to a series of units are allocated to that series. These amounts are paid out of the assets attributed to each series of units of the Fund, which reduces the return you may receive.

Series Description

The Fund offers the following series of units: A, T5, T8, F, I and O. The date of creation for all series was February 2, 2015.

Series A, T5 and T8 units are available to all investors.

Series T5 and T8 units are designed to provide investors with a fixed monthly distribution based on a target annualized distribution rate of 5% and 8%, respectively, of the net asset value per unit of the relevant series at the end of the prior year.

Series F units are available to investors who have a fee-based account with their dealer and whose dealer has signed an agreement with the Manager. Instead of paying sales charges, investors buying Series F units pay fees to their dealer for investment advice and other services. The Manager does not pay any commissions to dealers in respect of Series F units, so the Manager can charge a lower management fee.

Series I units are special purpose securities that are currently only available to other mutual funds and eligible institutional investors. Series I units are not sold to the general public. Each Series I investor negotiates its own management and advisory fee that is paid directly to the Manager.

Series O units are available to investors through the Private Client program and must be purchased through a Private Client account. Each Series O investor pays a management fee directly to the Manager and is eligible for management fee reductions, if any, based on the value of Series O units held in the investor's Private Client account. Series O management fees are paid, after subtracting any management fee reductions, by a redemption of Series O units in the investor's account.

FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance from the date of inception to June 30, 2017.

The Fund's Net Asset Value per Unit (\$) ⁽¹⁾

Net asset value per unit (\$) ⁽¹⁾	11.03	9.88	9.64

⁽¹⁾ This information is provided as at December 31 of the period shown, except for the most recent semi-annual period, which is at June 30, 2017.

⁽²⁾ Management expense ratio is based on total expenses (excluding broker commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average Net Asset Value during the period.

⁽³⁾ The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average Net Asset Value during the period.

⁽⁴⁾ The Fund's portfolio turnover ratio indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover ratio of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a Fund's portfolio turnover ratio in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high portfolio turnover rate and the performance of the Fund.

⁽⁵⁾ Percentages are annualized.

Management Fees

The annual maximum management fee paid by the Fund is a percentage of the average daily net asset value of each series exclusive of any applicable taxes and operating expenses, which is accrued daily and is paid to the Manager monthly in arrears. Management fees pay for portfolio and investment advisory services, oversight of any service providers, marketing and promotional activities, arranging for the distribution and sale of securities of the Fund, general administration of fund operations and sales and trailing commissions paid to dealers.

The percentages and major services paid for out of the management fees are set out below:

	As a Percentage of Management Fees		
	Maximum Annual Management Fee Rate (%)	Dealer Compensation (%) ¹	General Administration, Investment Advice and Profit (%)
Series A Units	2.00	36	64
Series T5 Units	2.00	44	56
Series T8 Units	2.00	44	56
Series F Units	1.00	–	100
Series I Units	–	–	–
Series O Units ²	1.00	–	100

¹ Includes sales and trailing commissions.

² Series O management fees are not paid by the Fund. Series O investors pay management fees directly to the manager.

Sun Life Sentry Global Mid Cap Fund

PAST PERFORMANCE

The indicated rates of return are the historical annualized and annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not guaranteed. How a fund performed in the past does not necessarily indicate how it will perform in the future.

Year-by-Year Returns

The following bar chart shows the Fund's annual performance for the period shown. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each period.

Series A Units – Annual return for the period ended December 31 and the six month period ended June 30, 2017

Series T5 Units – Annual return for the period ended December 31 and the six month period ended June 30, 2017

Series T8 Units – Annual return for the period ended December 31 and the six month period ended June 30, 2017

Series F Units – Annual return for the period ended December 31 and the six month period ended June 30, 2017

Series I Units – Annual return for the period ended December 31 and the six month period ended June 30, 2017

Sun Life Sentry Global Mid Cap Fund

Series O Units – Annual return for the period ended December 31 and the six month period ended June 30, 2017

Forward-Looking Statements

This management report of fund performance may contain forward-looking statements about the Fund, including its strategy, results of operations, performance and condition. Forward-looking statements include statements that are predictive in nature, or that depend upon or refer to future events or conditions. They are based on current beliefs, expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and various economic factors. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, technological changes, changes in government regulations or in tax laws. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements. The words "may", "could", "would", "should", "believe", "plan", "anticipate", "expect", "intend", "forecast", "objective", and similar expressions are intended to identify forward-looking statements.
