1764076	Mahindra & Mahindra Limited	500520	India	04-Aug-23	Annual	Management	G	6	Approve Payment of Remuneration to Anand G. Mahindra as Non-Executive Chairman	Yes	For	For	No	Yes	A vote FOR this resolution is warranted although it is not without concerns:- The pay structure, comprising of both fixed and variable pay elements, is indicative of an executive role and may bring up questions on his exact role at the company and the division of responsibilities at the board level.- It is not clear from the notice whether the commission element of INR 25 million per annum will be paid even when the company reports losses or inadequate profits.- The benefits element is capped at INR 50 million, resulting in a potential payout of INR 100 million per annum - which is deemed to be aggressively positioned for a non-executive chair. The main reasons for support are:- The company had confirmed that the commission element will be subject to company performance, including profits.- Benefits portion is entirely non-cash in nature and the nature of is not expected to be significantly out of line with that received in previous years.- The proposed quantum, while competitive, does not present any overriding concerns.

The main reasons for support are:- The performance pay element for the director is capped and quantified.- The estimated remuneration for the director is deemed reasonable, and is in line with size and scale of company's operations.
