At a special meeting of securityholders of the fund to be held on or about May 31, 2024, SLGI Asset Management Inc. will seek approval of securityholders of the fund to change its fundamental investment objective. If approved, the investment objective of the fund will be to seek total return through investment in investment grade and non-investment grade debt securities of issuers located anywhere in the world. If approved, this change is expected to take effect on or about June 28, 2024, at which time SLGI Asset Management Inc. also intends to change the name of the fund to Sun Life MFS Global Core Plus Bond Fund. For more information, please refer to Amendment No. 2 dated March 18, 2024 to the fund's simplified prospectus dated June 28, 2023.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. For periods greater than one year, the indicated rates of return are the historical annual compounded total returns as of the date indicated including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.

Compound growth calculations are used only for the purpose of illustrating the effects of compound growth and are not intended to reflect the future value of any mutual fund or returns on investment in any mutual fund.

The payment of distributions is not guaranteed and may fluctuate. The payment of distributions should not be confused with a fund's performance, rate of return, or yield. Annual distributions paid as a result of capital gains realized by a fund and income and dividends earned by a fund are taxable in your hands in the year they are paid.
